"KNOCK THREE TIMES"

Opener (Sides Face, Grand Square)
Hey, boy what you doing down there
Dancing alone every night while I live
Right above you
Left Allemande and Weave the Ring and go now
I can hear your music playing
I can feel your body swaying
One floor below me, you don't even know me ...
I love you

Figure
Four Ladies Chain Three-Quarters around
Heads couples Promenade Halfway around
Then Lead to the Right – Circle to a Line of four
- - -
Go forward up and then you Slide Thru
Pass Thru – Left Allemande then Swing
Only in my dreams did that wall between us ...
Come apart

Break and Close (Sides Face, Grand Square)
Knock three times on the ceiling
If you want me
Twice on the pipes if the answer
Is no (Allemande and Weave)
Means you'll meet me
In the hallway
Twice on the pipe
If you ain't gonna show
