FEELS SO RIGHT

Originally Hi Hat 5039

Opener, Break, and Close (Circle Left)

* Lying here beside you

I hear the echoes of your sigh

Men Star Right on around now

Left Allemande and Weave the ring

Just hold me close and love me

Tell me "it won't end"

Umm

Feels so right

Figure

Four Ladies Chain Across

The Heads Flutterwheel and then

Sweep a Quarter more, Double Pass Thru

Track II, make a wave and then (balance)

All Eight Circulate and Swing that girl around

Promenade her too

Umm

Feels so right

* Whisper to me softly

Breathe words upon my skin
