Originally Hi Hat 5118

Opener (Circle Left)

If I could write a song and get the world to sing along
Think of all the music there would be
Allemande Left your corner, come back Do Sa Do
Men Star Left one time around
Turn your Partner Right – Left Allemande
Come back; Swing your girl and Promenade
If I could write a song and the get the world to sing along
How wonderful this world would be

Figure

Heads Square Thru four hands around now
You make a Right Hand Star
The Heads Star Left one time around
Same pair go Right & Left Thru
Swing Thru and then Swing Thru again
Swing your girl and Promenade
If I could write a song and the get the world to sing along
How wonderful this world would be

Break & Close (Sides Face, Grand Square)

If I could write a song and the get the world to sing along
How wonderful this world would be
The earth would start to ring and everyone would sing
A song of peace and love and harmony (Allemande Left and Weave)
Three billion voices singing together
What a happy sound
If I could write a song and the get the world to sing along
