Ah, California here I come
Right back where I started from
Left Allemande – Turn your partner by the Right
Do an Allemande Left your corner girl, come on and Weave the ring
A sun kissed miss said, "don't be late"
That's why I can hardly wait
Open up your Golden Gate
California here I come

Figure

Heads Promenade her half around and then
Walk in Square Thru four my friend
Where bowers of flowers will all Swing Thru
Boy Run around that girl – Couples Circulate you do
Half Tag – Scoot Back – that corner you Swing
Swing that corner girl and Promenade that ring
Open up your Golden Gate
California here I come
