“ONE LESS DAY”

Opener (Sides Face, Grand Square)
I see my life, like a train on a one-way track
I've made mistakes and I couldn't take them back
And I've been running round in circles 'til I'm dizzy, I can't lie
Allemande Left that corner and Weave the Ring tonight
I'm not afraid of getting older
Swing your girl and Promenade
I see the light go past my shoulder
I'm one less day from dying young

Figure
Heads Promenade go Halfway round that square
Down the middle and Box the Gnat - Slide Thru
Swing Thru go two-by-two and let the Boys Run Right
Couples Circulate - Bend the Line tonight
Pass the Ocean - Recycle round and Swing
Swing that girl and Promenade
I see the light go past my shoulder
I'm one less day from dying young

Break, Close (Sides Face, Grand Square)
All my life I have been wondering
Burning up the candle like my time just won't end
And I'll keep burning 'til theres nothing left
Allemande Left that corner and you Weave the Ring again
I'm not afraid of getting older
Swing your girl and Promenade
I see the light go past my shoulder
I'm one less day from dying young
