YOU'VE GOT TO CHANGE YOUR WAYS

OPENER, BREAKS Circle to the left
You've got to change your evil way, baby
 Before I stop loving you
 Allemande your corner, do a dosado
Left allemande this girl and weave this ring
You've got me running, hiding, all over town
You swing your girl, promenade her, go round
 You've got to change your evil way, baby

FIGURE

 Heads square four hands
You meet that corner, dosado you know, hey make your wave
 Girl trade, swing thru, boy run around the girl
 Bend this line, you pass the ocean
 Swing thru, boys will trade
 You swing your lady, she's waiting
 All promenade this can't go on
 You've got to change your evil ways, baby
