"BLUE MOON WITH HEARTACHE"

Buddy Weaver
1671 Prestwick Ct
San Marcos, CA, 92069

Opener, Break, Close (Circle Left)

* Blue moon out my window
Guess this means "good night"
Men Star Right
Allemande Left and Weave the ring
* * I run into that heartache
Just like a wall
And act like nothing happened to me
Nothing at all

Figure

Heads Square Thru four hands around
Do Sa Do and make you've found
Girls Trade – Swing Thru tonight
Boy Run Right and the Couples Circulate
Tag the Line – Girls U-Turn and Swing
Swing your man and Promenade I sing
Maybe I'll just go away
Today

Alternate lyrics

* I don't care who's waiting
At my front door

* * Ah, how can it look so right
But feel so wrong
I'll play the victim for you honey
But not for long

Alternate figure (Sides Face, Grand Square)

What would I give to be a diamond In your eyes again

What would I give to bring back

Those old times

Four Ladies Chain Three-Quarter round

Then Promenade around

Maybe I'll just go away

To stay
