S O T H I S I S L O V E

Originally Blue Star 1900

Opener, Break, Close

Walk All Around your corner; See Saw round your date
Hey, join hands – Circle go left around today
Boys Star by the Right, you turn that star around
Allemande - Weave the Ring around
So this is love, I've never been here before
And when I leave, I won't be back anymore
Cause everything I've met since I've been here has only brought me pain
When I leave, I won't be back again

Figure

* Heads Square Thru Three Quarters round in time
* * You're facing out – Separate – stand behind the Sides
All Double Pass Thru – Cloverleaf once more
Center two Square Thru Three Quarter more
Left Allemande – Do Sa Do around your own
Take the corner by the hand – Promenade that lady home
Everything I've met since I've been here has only brought me pain
When I leave, I won't be back again

Alternate lyrics

* Sides Square Thru Three Quarters round and then
* * You're facing out – Separate – stand behind the Heads

Tag: And when I leave, I won't come back again

(the figure used here was adapted from the original written/called by Marshall Flippo)
