Opener & Break (Circle Left)

* * Lately lady you've been getting under my skin
I hope I don't have to say "there she goes again"
Allemande your corner – Turn your partner by the Right
Left Allemande and Weave that ring
Please don't make me have to think about you when you're gone
Swing your girl around and Promenade along
If you're just making memories you'll have to wait your turn
Cause I've got memories to burn

Figure

Head two couples Promenade go Halfway around
Walk in and Pass the Ocean – Extend and then
Girls Trade – Recycle and Veer to the Left
The Couples Circulate and Ferris Wheel
Double Pass Thru – Leaders Partner Trade and then
Swing your corner lady – Promenade along
If you're just making memories you'll have to wait your turn
Cause I've got memories to burn

Alternate lyrics

* * Baby maybe you've been stringing me along
But if you plan on writing to me after you're gone
