## "SWEET DREAMS OF YOU"

Originally Hi Hat 5110

### Opener and Close

(Sides Face, Grand Square)

Sweet dreams

Of you

Every night

I go through

(Allemande Left and Weave the Ring)

Why can't I forget you

And start my life anew (Promenade)

Instead of having sweet dreams

About you

### Figure

Heads Square Thru and get 'em four hands around ...

You go - - - You make a Right Hand Star

Heads Star Left in the middle full around

Back to the corner you do a Do Sa Do

Swing Thru - Boys Trade

Swing the corner - Promenade

Instead of having sweet dreams

About you

### Alternate lyrics for break

You don't love me

Its plain

I should have known - - - You'd never ...

Wear my ring (Allemande Left and Weave)

I should hate you

The whole night through (Promenade)

Instead of having sweet dreams

About you
