We didn't fall apart in stormy weather
We didn't run aground like others do
Allemande that corner girl, Do Sa Do now
Allemande that corner, Weave that Ring
We've got smooth sailing
Looks like every drop of rain is gone
Smooth sailing
Blue skies full of rainbows from now on

Figure

Heads Promenade outside its halfway
Into the middle and Square Thru its four
With the couple in front Circle Halfway
Veer Left and Ferris Wheel once more
Square Thru Three Hands, Swing the corner
Swing and Promenade your lady home
Smooth sailing
Blue skies full of rainbows from now on

Break and Close

Four Ladies Promenade along the inside
Run on home, Swing your man around
Join all hands, Circle to the Left now

Blue skies full of rainbows from now on
