OPENER

Four ladies gonna chain the ring, turn 'em with an arm around
You turn, chain a little lady go straight across that town
Join up hands circle to the left go walkin' in a great big ring
Do an allemande left the corner of the hall and weave around the ring
Hey, don't give me no plastic saddle (gives me blisters)
You swing her and promenade
Honey, don't give me no plastic saddle
I want to feel that leather on my hide

FIGURE

Heads square thru, sides get funky
(Oh yeah) right & left thru
Touch 1/4 here, scoot back my dear
Boys run around a brand new girl, do the right & left thru
Now rollaway (now get down and get funky with her a little bit)
You swing a little girl and promenade
Why honey, don't give me no plastic saddle
I want to feel that leather on my hide
TAG I want to feel that leather on my hide
